Annual Update

- Workflow drafted
- Scheduling first live test
 - Untested tool, since we didn't want to spam organizations

Annual Email Update Workflow

Cliff Landis edited this page on May 13 · 4 revisions

The GaNCH website has a semi-automated mailer that will send pre-formatted messages to *every* email address stored locally on the GaNCH website.

Before you begin:

- *This tool should only be used once per year*, to avoid spamming the NCH organizations.
- This annual email update will only go out to organizations who *publicly* supply email addresses on their websites -- many organizations do not supply an email address publicly on their websites (i.e., they only supply a web form for sending email messages to the organization). Therefore, the email blast is a low-effort way to reach many organizations easily to check for updates. We do not expect a manual review of *every* organization on the GaNCH list.
- The email blast is sent from GALILEO's email servers, but the reply-to email address is ganch.project@gmail.com . Any bounced messages will be received at this address for follow-up.

Workflow:

1. Login to the GaNCH website at: <https://ganch.auctr.edu/login>
2. Go to the Recipients page: <https://ganch.auctr.edu/recipients>
3. Click on the blue "Send Reminders" link
4. Confirm! to send the email blast
5. Log into Gmail using the ganch.project@gmail.com account
6. Look at each bounce email (i.e. "Undeliverable:", "Delivery Status Notification (Failure)", etc.)
7. For each bounced email, review the organization's website / Facebook to see if a new email address is listed
 - If not, reach out via phone, Facebook DM, or Twitter DM to request an active email address for the organization
8. If the website / Facebook no longer lists *any* email addresses, delete the statement "e-mail address (P968)" from the organization's Wikidata item
9. Check the organization's website / Facebook to see if the organization has dissolved
 - If the organization is dissolved, add a "dissolved, abolished or demolished date (P576)" statement on the Wikidata item to indicate that the organization no longer exists (examples: [Atlanta Heritage Row](#), [Dawn of Time Museum](#))
 - Add a Reference link to show where you found out that the organization is dissolved
 - Add the word "former" to the beginning of the Description field to help indicate that the organization is dissolved
